I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I
OBJECT to the definition of "inordinate amount" which restricts the availability and
the right to obtain necessary compounded medications by limiting the number of
prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

Comments:

I can only obtain prescriptive
Rec. vitamins - such as IM B-12, Folic
Acid, etc - from this out of state pharmacy
so as a person with Chemical Sensitivity this would
be very harmful to my health -
